FACULTY DEVELOPMENT PROGRAM

Industrial Training

TWO WEEKS
FDP

THREE WEEKS
FDP

ONLY FOR WORKING
FACULTY

The RTTC Hyderabad campus located at Erragadda and equipped with modern infrastructure to impart training at global standards in a most conducive environment. RTTC Hyderabad has the state-of-art technology infrastructure in not only Advanced telecom switching, transmission equipment, mobile communications equipment and Computer & Networking laboratories, but also has the world-class facilities to extend the training programs on live systems wherever the training needs demand. In order to make the faculty members to get acquainted themselves with the latest and advanced technological developments in the telecom / IT sector, RTTC Hyderabad is conducting Industrial training / FDPs to the faculty members on latest Telecom and IT technologies.

FDP Highlights

- A unique industry oriented program to bridge the industry academia gap
- Live Session by Industry field / subject matter experts.
- Group Discussion with industry experts on latest developments
- Real time / Industrial oriented Case Studies & Job aids
- FDP training for three weeks including field training in third week.

All the faculty members will get an Individual Certificate after the successful completion of the program.
